Refined, relaxing & romantic – Punting on the beautiful Avon River is an iconic Christchurch attraction not to be missed. MONA VALE GARDENS

Historic Mona Vale features five and a half hectares of beautiful gardens and sweeping lawns down to the gently flowing Avon River. Enjoy the colourful profusion of the Iris Garden, Rose Garden. Fernery, Lily Pond, rhododendrons, camellias, conifers and maples.

SUMNER & REDCLIFFS SEASIDE VILLAGES

Your tour includes the delightful seaside village of Sumner with its boutique shops, cafes and

restaurants situated across from the beach. En route we pass by the 'earthquake artwork', installed on shipping containers put in place to strengthen the seaside hill suburbs.

SIGN OF THE TAKAHE

Take in the panoramic views of Christchurch City and surrounding plains, mountains and coastline from the historic Sign of the Takahe outlook on the city's Port Hills.

'CONTAINER CITY'

We deliver you to the new look city centre for lunch at your leisure. Here you will have as much time as you wish to explore. Constructed of 'designer' shipping containers, this development is breathing new life into the devastated centre of town and is a clever example of Christchurch's vision for recovery.
